III.
PARTIES, JURISDICTION AND VENUE

A. PARTIES.

4. Plaintiff Rene Rosas is a Texas resident(s), who resides at 2613 Cherry Ln., Harris County, Pasadena, Texas 77502.

5. Defendant State Farm Lloyds is an insurance company doing business in the State of Texas, which may be served through its general manager or any other officer or director, via certified mail, at Corporation Service Company 211 E 7th St Ste 620 Austin TX, 78701. As it relates to the event giving rise to this Petition, Plaintiff invokes the right to institute this suit against any entity that was conducting business using the assumed or common name of State Farm Lloyds. Pursuant to Tex. R. Civ. P. 28, Plaintiff moves the Court to order Defendant to substitute its true name if different from the name stated herein.

B. JURISDICTION.

6. The Court has subject matter jurisdiction over this cause of action because it involves an amount in controversy in excess of the minimum jurisdictional limits of the Court.

7. The Court has both general and specific personal jurisdiction over Defendant. The Court has general jurisdiction over Defendant, as Defendant has sufficient minimum contacts with and within this State and has purposefully availed itself of the privilege of conducting activities within this State, thus invoking the benefits, protections, and obligations of this State's laws. Defendant's contacts with this State, which are continuous and systematic, include doing business in Texas, selling and delivering insurance products in Texas, entering into contracts for insurance in Texas with Texas residents, insuring property located in Texas, underwriting insurance policies in Texas, accepting policy premiums in Texas and adjusting insurance claims in Texas. This activity was not the unilateral activity of another party or a third person.

8. Defendant's contacts with Texas, relied upon by Plaintiff, were purposeful and were not random, fortuitous, or attenuated, and are thus subject to the jurisdiction of this State in suits based on its activities. The Court has jurisdiction over Defendant because: (1) Defendant purposefully availed itself of the benefits of conducting activities in Texas, and (2) the cause of action arises from or relates to those contacts or activities.

9. The Court has specific jurisdiction over this matter as it involved the execution, performance, and breach of a Texas insurance contract with Plaintiff, who is a Texas resident, with regards to an insured risk and/or property located in Texas. As a matter of law, Defendant conducted business in this State because, without limitation, Defendant conducted the business of insurance in Texas and committed one or more torts and/or violated the Texas DTPA and/or Insurance Code, in whole or in part in this State, against Plaintiff in Harris County, Texas. Defendant has sufficient and/or minimum contacts with this State, and thus Plaintiff affirmatively assert the Court's exercise of jurisdiction over Defendant comports with "traditional notions of fair play and substantial justice."

C. VENUE.

10. Venue is proper in Harris County because all or a substantial part of the events or omissions giving rise to the claim occurred in Harris County. Tex. Civ. Prac. & Rem. Code § 15.002(a)(1). The property subject to this dispute and which is owned by Plaintiff is located in Harris County. The insurance policy insuring the property was executed in Harris County. The damage to the property resulted from an event or occurrence in Harris County. The resulting insurance claim that was made by Plaintiff, the property inspection performed by Defendant, and the denial and/or underpayment of the insurance claim by Defendant occurred in Harris County.

IV.

FACTUAL BACKGROUND

11. Rene Rosas is a named insured under a property insurance policy issued by State Farm Lloyds. The policy number is ***0427.

12. On August 26, 2017, Hurricane Harvey hit the Texas coast, which included Harris County. The impact of the hurricane caused roof damage to Plaintiff's premises. Specifically, the hurricane lifted and tore multiple shingles on the roof. Thereafter, Plaintiff filed a claim on his insurance policy.

13. Plaintiff asserts that Defendant improperly denied and/or underpaid the claim.

14. Plaintiff asserts that Defendant conducted a substandard investigation and inspection of the property, prepared a report, which did not include all of the damages that were observed during the inspection, and undervalued the damages observed during the inspection.

15. Defendant performed an outcome-oriented investigation of Plaintiff's claim. Defendant's (improper) claims handling included Defendant's biased claims adjustment, and an unfair and inequitable evaluation of Plaintiff's losses on the property. In addition, Defendant's claims handling included both an unreasonable investigation and underpayment of Plaintiff's claim.

V.

CAUSES OF ACTION AND ATTORNEY'S FEES

16. Plaintiff incorporates the foregoing for all purposes.

A. BREACH OF CONTRACT

17. Plaintiff and Defendant entered into an insurance contract. Defendant breached this contract by, without limitation, inadequately and/or improperly investigating Plaintiff's insurance claim, wrongfully denying and/or underpaying the claim. Defendant damaged Plaintiff through its actions and/or inactions described herein.

B. PROMPT PAYMENT OF CLAIMS STATUTE

18. Defendant's failure to pay for Plaintiff's losses and/ or to follow the statutory time guidelines for accepting or denying coverage constitutes a violation of Section 542.001 *et seq.* of the Texas Insurance Code, including without limitation §§ 542.055-.058.

19. In addition to Plaintiff's claim for damages, Defendant's violation of the Tex. Insurance Code entitles Plaintiff to penalties, interest and attorney's fees as set forth in Section 542.060 of the Texas Insurance Code.

C. BAD FAITH

20. Defendant is an insurance company and insured Plaintiff's property. Defendant is required to comply with Chapter 541 of the Texas Insurance Code.

21. Defendant violated Section 541.051 of the Texas Insurance Code by, without limitation, making statements misrepresenting the terms and/or benefits of the policy.

22. Defendant also violated Section 541.060 by, without limitation:

- a. Misrepresenting to Plaintiff a material fact or policy provision relating to coverage at issue;
- b. Failing to attempt in good faith to effectuate a prompt, fair, and equitable settlement of a claim with respect to which the insurer's liability had become reasonably clear;
- c. Failing to promptly provide to Plaintiff a reasonable explanation of the basis in the policy, in relation to the facts or applicable law, for the insurer's denial of a claim or offer of a compromised settlement of a claim;
- d. Failing within a reasonable time to affirm or deny coverage of a claim to Plaintiff or submit a reservation of rights to Plaintiff; and/or

- e. Refusing to pay the claim without conducting a reasonable investigation with respect to the claim;
23. Defendant violated Section 541.061 by, without limitation:
- a. Making an untrue statement of material fact;
 - b. Failing to state a material fact necessary to make other statements made not misleading considering the circumstances under which the statements were made;
 - c. Making a statement in a manner that would mislead a reasonably prudent person to a false conclusion of a material fact;
 - d. Making a material misstatement of law; and/or
 - e. Failing to disclose a matter required by law to be disclosed.
24. Defendant knowingly committed the acts complained of. As such, Plaintiff is entitled to exemplary and/or treble damages pursuant to Texas Insurance Code Section 541.152(a)-(b).

D. Additional Claims & Damages.

25. Plaintiff also seeks to recover damages and/or actual damages “caused by” Defendant’s Insurance Code violations. This includes, without limitation, damages resulting from Defendant’s delay in payment, resulting from Defendant’s unreasonable investigation. This includes, without limitation, costs for temporary repairs, additional property damage to Plaintiff’s home during the pendency of the claims process and this litigation, costs associated with appraisal costs or sums related to pre-appraisal damage assessments.

26. Plaintiff also seeks damages to compensate Plaintiff for the tangible and intangible consequences, suffering, stress and mental anguish of having to live with an unrepaired home for months.

E. ATTORNEY'S FEES

27. Plaintiff engaged the undersigned attorneys to prosecute this lawsuit against Defendant and agreed to pay reasonable attorney's fees and expenses through trial and any appeal.

28. Plaintiff is entitled to reasonable and necessary attorney's fees pursuant to Texas Civil Practice and Remedies Code Sections 38.001-38.003 because an attorney that represents Plaintiff presented the claim to Defendant, and Defendant did not tender the just amount owed before the expiration of the 30th day after the claim was presented.

29. Plaintiff further prays that he be awarded all reasonable attorney's fees incurred in prosecuting his causes of action through trial and any appeal pursuant to Sections 541.152 and 542.060 of the Texas Insurance Code.

VI.

P. 193.5, you are under an affirmative duty to supplement your responses to all discovery requests with information that you may acquire after filing your written response, if such information makes it known to you that your previous response was incorrect or incomplete when made, or, if the answer though correct and complete when made, is no longer true and complete and circumstances are such that a failure to amend would be in substance misleading. you are hereby requested to agree

to so supplement any of your written responses to these discovery requests, and in the absence of any written objection to this request, it will be presumed that you have agreed to do so.

44. If you are withholding information pursuant to any privilege, produce a withholding statement and/or privilege log as specified in Tex. R. Civ. P. 193.3.

45. Pursuant to Tex. R. Civ. P. 215, if you fail to comply with proper discovery requests, the Court may make such orders in regard to the failure as are just, including among others, an order requiring you or your attorney, or both, to pay reasonable expenses, including attorney's fees, caused by the failure. - d. Otherwise, this filing requirement (will be) waived along with confidentiality of the documents for filing and/or use in any proceeding.
- e. Plaintiff(s) will not agree to any order which would also require documents be submitted under seal and/or for in-camera inspection, which also prevents such documents from being made part of the official record of the matter during the pendency of such determination. Likewise, the confidentiality agreement will also include a stipulation that any motion, or filing which would cause any document, on a temporary basis or otherwise, to not be made part of, or included in the Court's official record and/or record on appeal voids the confidentiality agreement.

56. Word Processing Documents. Defendant(s) will convert and produce Word, WordPerfect, and PDF documents produced consistent with the above. The text load file accompanying these images will include the filename of the document as a metadata field. Defendant(s) will produce extracted text (instead of OCR) unless Defendant(s) redact(s) the document. In that case, Defendant(s) can produce OCR text.

57. E-mails will be produced in date and temporal order with attachments extracted. Defendant(s) will preserve all associations between emails and attachments, along with the attachment themselves. Defendant(s) must produce e-mail attachments in consecutive order, with attachments extracted produced proximately with the e-mail (which attached and sent or forwarded the attachment(s), such that the relationship between the two are identified and preserved using extracted metadata and/or custom metadata which identifies the “parent-child” relationship between e-mail and attachment along with relevant range. Save for certain exceptions noted below, Defendant(s) will convert Email and attachments to single-page images and produce same as per the specifications set forth herein. Defendant(s) will also produce a copy of the e-mails produced in their native form, as a .PST file.

58. Specifically as to e-mails, the text load file shall contain, in addition to first and last Bates numbers and delimited fields that capture the data in each of the following metadata fields: To, From, CC, BCC, Subject, date sent, time sent, e-mail thread, number of attachments for emails captured from Microsoft Outlook or Lotus Notes, Conversation Index. The text file accompanying the TIFF images shall contain the extracted text from the email, with fields, which include the above, as well as information described in 12(a-c) above, without limitation.

59. Production of OCR text is acceptable for redacted e-mail documents. Attachments shall be processed as though they were separate documents, and the text load file shall identify, for each email, the Bates range of any attachment and/or consistent with the above.

60. Defendant(s) will produce Excel files and other spreadsheets and digital photographs in native file format, in a separate folder and/or file folder contained on the production media. The corresponding text load file must contain a field that identifies the file path of the native file corresponding to (these) document(s). **Do not scan, image, or PDF Spreadsheets.** Unless previously agreed, these are to be produced in native format, or in a format which 1) produces active/working fields from the spreadsheet, and 2) preserves metadata information described herein and avoids the production of voluminous and needless empty excel and/or spreadsheet files.

61. A placeholder image with Bates number(s) must be included in the location (within the sequence of other documents produced) which identifies the document by name or Bates number and range and indicates where the spreadsheet is located, i.e., the separate folder. For example, if an excel spreadsheet is attached to an e-mail, a placeholder document should be included in the e-mail production, but the extracted excel attachment must be served in the separate folder discussed above. Responses and/or sufficient information must be provided in/on the placeholder, text load file, or other reference to allow the Parties to search for either the e-mail or the attached spreadsheet and locate and/or identify both, i.e., all communications/attachments within a specific parent-child (document) relationship.

62. Again, Plaintiff(s) is/are amenable to alternative methods of production, which preserve native content and/or metadata. But insofar as production involves imaging, the method should ensure that superfluous pages containing zero relevant data or information are not produced.

63. ESI and/or document subject to the ESI protocol include, without limitation:

- a. Spreadsheets and tables, e.g., Excel or Lotus 123 worksheets;
- b. Accounting application data, e.g., QuickBooks, Money, Peachtree data files;
- c. Sound recordings, e.g., WAV and MP3 files;
- d. Video and animation, e.g., AVI and MOV files;
- e. Computer aided design/drawing files e.g., .dwg, .dxf, .rvt;
- f. PowerPoint presentations, e.g., .PPT and .PPTX
- g. Microsoft Access databases, e.g., .MDB and .ACCDB;
- h. Images, e.g., -JPG, .JPEG, and .PNG;
- i. Scheduling files e.g., .P3, .P3C, .PRY, and .XER'; and,
- j. Any other non-text based file type, e.g., other than Microsoft Word, or Word Perfect formats such as .doc, .txt, docx., .rtf, .wpd.

64. Defendant(s) will seek to avoid unnecessary duplication of identical documents. If identical documents can be identified by metadata or otherwise, and substituted with single page placeholder documents identifying the same document, Defendant(s) shall do so. For example, a document attached to an e-mail sent, forwarded, forwarded multiple times, Defendant(s) should produce said document/attachment once and provide place holders elsewhere in lieu of producing the same document multiple times.

65. In addition to the above, Defendant(s) shall produce a PDF version of the documents made responsive to Requests 1, 2, and 3. These versions will contain the same Bates range as their TIF counterparts, but will also include the terms "PDF Version", which follows the relevant Bates range.

NOTICE OF AUTHENTICATION

66. As per Tex. R. Civ. P. 193.7, Plaintiff(s) intend to use all documents exchanged and produce between the Parties, including but not limited to correspondence and discovery responses during the trial of the matter styled and captioned above.

DEFENSES

2. **Plaintiff's Breach of Contract Claim is Time-Barred.** Plaintiff's claim for breach of contract against State Farm is time-barred under the terms of the insurance policy at issue. Plaintiff's State Farm policy contains a "suits against us" provision which reads as follows:

FE-3533.1 HOMEOWNERS POLICY ENDORSEMENT (Texas)

SECTION I - CONDITIONS

Item 6., Suit Against Us, is replaced by the following:

- 6. Suit Against Us.** No suit or action can be brought unless:
- a. there has been compliance with the policy provisions; and
 - b. except as provided in item c. below, suit or action brought against us is started within two years and one day after the cause of action accrues;
 - c. with respect to a loss caused by windstorm or hail in the catastrophe area as defined under Texas law, suit or action brought against us is started within the earlier of:
 - (1) two years from the date we accept or reject the claim; or
 - (2) three years from the date of the loss that is the subject of the claim.

Contractual limitations on the time to file suit are valid and enforceable. *Bazile v. Aetna Cas. & Sur. Co.*, 784 S.W.2d 73, 74 (Tex. App.--Houston [14th Dist.] 1989, writ dismissed), so long as they do not limit the time period for filing suit to less than two years. TEX. CIV. PRAC. & REM. CODE §16.070. Plaintiff's breach of contract cause of action accrued when Plaintiff learned of State Farm's evaluation of covered damages to his Property under the Policy and that State Farm found no storm-related damage to the roof or exterior of his Property, which occurred on December 2, 2017. Plaintiff did not file this lawsuit, however, until January 16, 2020. Thus, Plaintiff's breach of contract claim is time barred.

3. State of Limitations: Texas Insurance Code Claims. Plaintiff's claims against State Farm for violations of TEX. INS. CODE §541.051, §541.060, §541.061, and TEX. INS. CODE Chapter 542 are time-barred. The statute of limitations on a Chapter 541 claim is found in §541.162, which provides in relevant part:

§541.162. Limitations Period

- (a) A person must bring an action under this chapter before the second anniversary of the following:

- (1) the date the unfair method of competition or unfair or deceptive act or practice occurred; or
- (2) the date the person discovered or, by the exercise of reasonable diligence, should have discovered that the unfair method of competition or unfair or deceptive act or practice occurred....

TEX. INS. CODE § 541.162.

Plaintiff's causes of action for unfair claims settlement practices, misrepresentations regarding the Policy or Insurer and misrepresentation of the Insurance Policy under TEX. INS. CODE §541.051, §541.060, §541.061 accrued on December 2, 2017, when Plaintiff learned of State Farm's evaluation of covered damages to his Property under the Policy and that State Farm found no storm-related damage to the roof or exterior of his Property. Plaintiff did not file this lawsuit, however, until January 16, 2020. Thus, Plaintiff's claims under the Texas Insurance Code are time-barred.

Plaintiff's claim against State Farm for violation of Chapter 542 of the Insurance Code is based on the alleged wrongful denial asserted in his claim for breach of contract. Because his breach of contract claim fails, the claim for prompt payment penalties must also fail. *State Farm Lloyds v. Page*, 315 S.W.2d 525, 532 (Tex. 2010).

4. Statute of Limitations: Duty of Good Faith and Fair Dealing. Plaintiff's claim against State Farm for breach of the duty of good faith and fair dealing is time-barred. The statute of limitations on a claim for breach of the duty of good faith and fair dealing is two years. TEX. CIV. PRAC. & REM. CODE §16.003(a); *Murray v. San Jacinto Agency, Inc.*, 800 S.W.2d 826, 827 (Tex. 1990). Plaintiff's cause of action for breach of the common law duty of good faith and fair dealing accrued on December 2, 2017, when Plaintiff learned of State Farm's evaluation of covered damages to his Property under

the Policy and that State Farm found no storm-related damage to the roof or exterior of his Property. Plaintiff did not file this lawsuit, however, until January 16, 2020. Thus, Plaintiff's claim for breach of the common law duty of good faith and fair dealing is time-barred.

5. Statute of Limitations: DTPA. Plaintiff's claims against State Farm for violations of the Texas Deceptive Trade Practices Act ("DTPA") are time-barred. The statute of limitations for an alleged DTPA violation is two years, as governed by TEX. BUS. & COM. CODE §15.565, which provides in relevant part:

§17.565. Limitation

All actions brought under this subchapter must be commenced within two years after the date on which the false, misleading, or deceptive act or practice occurred or within two years after the consumer discovered or in the exercise of reasonable diligence should have discovered the occurrence of the false, misleading or deceptive act or practice. . .

Plaintiff's cause of action for Defendant's alleged breach of the DTPA accrued on December 2, 2017, when Plaintiff learned of State Farm's evaluation of covered damages to his Property under the Policy and that State Farm found no storm-related damage to the roof or exterior of his Property. Plaintiff did not file this lawsuit, however, until January 16, 2020. Thus, Plaintiff's claims against Defendant under the DTPA are time-barred.

6. Policy Coverage Provisions. Under the Insuring Agreement, Plaintiff must prove the actual cash value of damage resulting from an occurrence of accidental direct physical loss to the insured property during the policy period. Plaintiff lacks proof of damages from accidental direct physical loss, lacks proof of the actual cash value of any such loss, and lacks proof of damages in excess of his policy deductible.

7. Deductible/Offset. State Farm is entitled to an offset or credit against Plaintiff's

damages, if any, in the amount of Plaintiff's \$2,676.00 deductible, as well as an additional offset or credit in the amount of State Farm's payments to Plaintiff.

8. Limit of Liability. State Farm's liability, if any, is limited to the amount of the policy limits under the subject policy, pursuant to the "Limit of Liability" and other clauses contained in the policy sued upon.

9. Loss Settlement Provision/Condition: Replacement Cost Benefits. Under the Insuring Agreement, Plaintiff must first repair or replace the damaged property to recover replacement cost benefits and the Policy limits such coverage to costs "necessarily" spent to repair the damaged property. The Policy specifically provides:

FE-3533.1 HOMEOWNERS POLICY ENDORSEMENT (Texas)

SECTION I - LOSS SETTLEMENT

COVERAGE A-DWELLING

Items 1. and 2. are replaced by the following:

1. A1 - Replacement Cost Loss Settlement - Similar Construction.

- a. We will pay the cost to repair or replace with similar construction and for the same use on the premises shown in the **Declarations**, the damaged part of the property covered under **SECTION I - COVERAGES, COVERAGE A - DWELLING**, except for wood fences, subject to the following:
 - (1) until actual repair or replacement is completed, we will pay only the actual cash value at the time of the loss of the damaged part of the property, up to the applicable limit of liability shown in the **Declarations**, not to exceed the cost to repair or replace the damaged part of the property;
 - (2) when the repair or replacement is actually completed, we will pay the covered additional amount you actually and necessarily spend to repair or replace the damaged part of the property, or an amount up to the applicable limit of liability shown in the **Declarations**, whichever is less;
 - (3) to receive any additional payments on a replacement cost basis, you must complete the actual repair or replacement of the damaged part of the property within two years after the date of loss, and give prompt notice to us after the work has been completed; and
 - (4) we will not pay for increased costs resulting from enforcement of any ordinance or law regulating the construction, repair or demolition of a building or other structure, except as provided under **Option OL - Building Ordinance or Law Coverage**.

Plaintiff lacks proof of completed repairs or replacement to any covered property damage connected with his insurance claim, and regardless, the most Plaintiff can recover under the Policy is the actual cost of Plaintiff's necessary repairs. As such, Plaintiff's recovery in this case, if any, is limited to the actual cash value of the covered property damage.

10. **Wear and Tear, Deterioration and Settlement.** Plaintiff's claims are barred, in whole or in part, because the damages and losses alleged in Plaintiff's Original Petition, none being admitted, were proximately caused in whole or in part by wear and tear. The policy at issue provides that wear and tear does not fall under the coverage of the policy:

SECTION I – LOSSES NOT INSURED

1. We do not insure for any loss to the property described in Coverage A which consists of, or is directly and immediately caused by, one or more of the perils listed in items a. through n. below, regardless of whether the loss occurs suddenly or gradually, involves isolated or widespread damage, arises from natural or external forces, or occurs as a result of any combination of these:

* * * * *

- g. wear, tear, marring, scratching, deterioration, inherent vice, latent defect or mechanical breakdown...
 - l. settling, cracking, shrinking, bulging, or expansion of pavements, patios, foundation, walls, floors, roofs or ceilings. . .

Part of the property damages Plaintiff is claiming to his roof occurred over time through wear and tear, and deterioration. These conditions are not insured under the policy at issue.

11. **Bona Fide/Legitimate Dispute.** A bona fide/legitimate dispute exists precluding Plaintiff's recovery of damages under extra-contractual theories including the common law duty of good faith and fair dealing, and for violations of the Texas Insurance Code or any other statutory or common law authority.

12. **Cap on Punitive Damages.** Texas Civil Practice and Remedies Code § 41.001,

et seq., applies and punitive damages awarded, if any, are subject to the statutory limit set forth therein, other applicable statutory authority, and common law. Further, unless Plaintiff proves State Farm's liability for punitive damages, and the amount of punitive damages, if any, by clear and convincing evidence, any award of punitive damages would violate State Farm's due process rights guaranteed by the Fourteenth Amendment to the United States Constitution and by Section 19 of Article 1 of the Texas Constitution.

SPECIAL EXCEPTIONS

13. Failure to Set Forth Specific Claims/Facts — Plaintiff's Claims for Knowing Conduct. Defendant specially excepts to Plaintiff's Original Petition because Plaintiff fails to provide facts to support his allegation that Defendant acted wrongfully with knowledge. Pleading sufficient facts is necessary to inform Defendant of what it is called upon to answer and to enable it to prepare its defense. As a result, Plaintiff should be required to file an amended pleading which sets forth facts in support of Plaintiff's claim for knowing conduct, as well as alleged damage related thereto.

PRAYER

Defendant State Farm Lloyds prays that this Court sustain its special exceptions to Plaintiff's Original Petition and, upon final trial and hearing hereof, that Plaintiff takes nothing and that State Farm recovers its costs, fees, and expenses, and for such other further relief to which Defendant may show itself justly entitled, both in law and at equity.
